AFTECH Conference Features Sievwright, Clark

Malvern, Pa. – February 8 – Two nationally prominent experts on the future of retail financial institutions will be appear at AFTECH’s 2006 Client Conference in Scottsdale, Ariz.. AFTECH, a provider of core processing and Internet services nationwide, is a business unit of Fiserv, Inc. (Nasdaq: FISV).

The first expert is Mark Sievwright, a Fiserv senior vice president and former CEO of the Boston research organization The Tower Group. In addition to giving the keynote address at the Conference’s opening general session on Wednesday, April 26, Sievwright will meet with senior credit union executives to discuss emerging challenges.

Dan Clark, president of Dan Clark Associates and former CEO of Tallahassee-Leon Federal Credit Union (FL), will facilitate a CEO Open Forum on Friday, April 28, the conference’s closing day.

Other events at the session include:

- A meeting of the AFTECH Technology Partnership Council, followed by an ATPC Open Forum;
- Presentation by the Filene Research Institute’s i3 group, comprised of the nation’s most innovative credit union executives;

- Breakout sessions dealing with network security; disaster recovery; multi-factor authentication for Internet financial transactions;
- And enhancements to AFTECH's sophisticated suite of core processing services.

AFTECH partners will participate both in the general program and in a three-session Technology Center showcasing their products and services. The Technology Center is also the location for the first night's reception and dinner. All events will be at the Scottsdale (Ariz.) Resort and Conference Center.

Fiserv, Inc. (Nasdaq: FISV) provides information management systems and services to the financial industry, including transaction processing, business process outsourcing and software and systems solutions. The company serves more than 16,000 clients worldwide, including banks, credit unions, financial planners and investment advisers, insurance companies and agents, self-funded employers, lenders and savings institutions. Headquartered in Brookfield, Wis., Fiserv reported \$3.7 billion in processing and services revenues for 2005. Fiserv was ranked the largest provider of information technology services to the U.S. financial services industry in the 2004 and 2005 FinTech 100 surveys by the *American Banker* newspaper and the Financial Insights research firm. Fiserv can be found on the Internet at www.fiserv.com.
