Fiserv Unit AFTECH to Add First Castle FCU to Client Roster

Malvern, Pa., Date Pending – First Castle Federal Credit Union – the nation’s second oldest federally chartered credit union – will move to AFTECH’s Advantage ASP system on Jan. 1, 2007. First Castle FCU, based in New Orleans, will be the fifth online client for AFTECH, a business unit of Fiserv Inc. (Nasdaq: FISV).

“We knew some time ago that we would be converting from our present data processor, Symitar,” said Kirk Arnold, CEO of First Castle FCU. “Since I have been through the selection process two previous times, I knew what to expect and what questions to ask.”

“The AFTECH product itself impressed me very much,” Arnold added. “After seeing it in action during a site visit and speaking with current users, I knew it was the best product overall that we were looking at. It has everything we need now and what we desire for the future as we grow.”

In addition to AFTECH’s Advantage core processing, \$34 million First Castle will add AFTECH’s audio response, the Fiserv Wisdom general ledger, IMM receipts and an Internet banking interface to better serve its 2,565 members.

About AFTECH

AFTECH, a unit of Fiserv, Inc., provides the Advantage core processing system to credit unions either in-house or as an ASP and also provides best-of-breed Internet member service tools, including aftech@net.

About Fiserv Inc.

Fiserv, Inc. (Nasdaq: FISV), a Fortune 500 company, provides information management systems and services to the financial and health benefits industries. Leading services include transaction processing, outsourcing, business process outsourcing, software and systems solutions. The company serves more than 17,000 clients worldwide and is the leading provider of core processing solutions for U.S. banks, credit unions and thrifts. Fiserv was ranked the largest provider of information technology services to the financial services industry worldwide in the 2005 and 2004 FinTech 100 surveys. Fiserv Health provides health plan management, pharmacy benefits management and BPO services to the managed care market and self-funded commercial and government employers and health plans. Headquartered in Brookfield, Wis., Fiserv reported more than \$4 billion in total revenue for 2005. For more information, please visit www.fiserv.com.
