AFTECH Unit of Fiserv Adds Another Ohio Client

Malvern, Pa., June 14, 2006 – AFTECH, a provider of core processing to credit unions nationwide and a business unit of Fiserv, Inc. (Nasdaq: FISV), added another Ohio credit union to its Advantage core processing client list this month. Cincinnati Ohio Police Federal Credit Union will convert to AFTECH on October 1, 2006.

The Cincinnati Ohio Police FCU investment in AFTECH brings to the \$50 million credit union the full range of AFTECH’s Advantage member service products. In addition, the credit union will be offering credit and debit card processing, aftech@net home banking, Advantage Collections software, OFAC Tracker and the Wisdom suite of financial products, all backed up by AFTECH’s disaster recovery capabilities.

“We chose AFTECH as our data processor after reviewing several other systems over the past six months,” said Tina Wocher, Cincinnati Ohio Police FCU’s CEO. “AFTECH was chosen based on the internal and external efficiencies it could provide to our employees and to our membership. With such a high demand from our membership for technology and on-line communications, the Cincinnati Ohio Police FCU had to partner with a data processor that focused and excelled in this area. We felt that AFTECH had outpaced its competition and proved to be a leader in this area. We look forward to the efficiencies the AFTECH system will provide.”

AFTECH, a unit of Fiserv, Inc., provides the Advantage core processing system to credit unions either in-house or as an ASP, and also provides best-of-breed Internet member service tools, including aftech@net.

Fiserv, Inc. (Nasdaq: FISV), a Fortune 500 company, provides information management systems and services to the financial and health benefits industries.
