**AFTECH Unit of Fiserv Adds Two Ohio Credit Unions to Client List**

**Malvern, Pa., Sept. 1, 2005** – Two Ohio credit unions -- First Ohio Community Federal Credit Union, North Canton, and St. Joseph's Federal Credit Union, Canton -- have converted to the AFTECH Advantage core processing system. AFTECH, a business unit of Fiserv Inc. (Nasdaq: FISV), provides in-house and ASP core processing to credit unions nationwide.

Organized in 1937 as Hoover Employees Federal Credit Union, First Ohio Community today is open to any person who lives, works, worships or attends school in Stark County, Ohio. The credit union has more than \$25 million in assets and serves nearly 6,000 members.

First Ohio Community chose AFTECH to broaden the range of member service offerings, including the addition of home banking with the best-of-breed aftech@net home banking solution, according to Kim Lapinski, the credit union's CEO. Other AFTECH products the credit union uses include the Advantage Financial Suite, Collections, Internet Credit Report, RD<sup>3</sup> database management system, Loan Suite and signature verification. Third-party products included in First Ohio Community's investment include Maxxar audio response, the IMM electronic office products and Diebold Teller Cash Dispensers.

St. Joseph's chose AFTECH in order to enhance its technology and broaden the range of member service offerings, including the addition of home banking according to credit union CEO Christine Haverfield. "AFTECH, to us, was the overall solution to this need," she said

Founded in 1942, St. Joseph's is open to any member who is a registered parishioner at one of their Charter Member Churches or any students who attend the affiliated schools in Ohio. The credit union has more than \$25 million in assets and nearly 4,600 members.

AFTECH, a unit of Fiserv, Inc., provides the Advantage core processing system to credit unions either through in-house capabilities or as an ASP, as well as best-of-breed Internet member service tools, including [aftech@net](mailto:aftech@net).

Fiserv, Inc. (Nasdaq: FISV) provides information management systems and services to the financial and health benefits industries, including transaction processing, business process outsourcing and software and systems solutions. The company serves more than 16,000 clients worldwide, including banks, credit unions, financial planners and investment advisers, insurance companies and agents, self-funded employers, lenders and savings institutions. Headquartered in Brookfield, Wis., Fiserv reported \$3.4 billion in processing and services revenues for 2004. Fiserv was ranked the largest provider of information technology services to the U.S. financial services industry in the 2004 FinTech 100 survey by the *American Banker* newspaper and the Financial Insights research firm. Fiserv can be found on the Internet at [www.fiserv.com](http://www.fiserv.com).
